Contract is Let by Board of  
Public Service

A KANSAS CITY FIRM GETS IT

ACCEPTED BID IS BELOW THE EN-  
GINEER'S ESTIMATE

American Light and Water Co. Agrees  
to Do Work for \$266,842.85—  
Five Other Bids.

This afternoon the Board of Public Service arranged with the successful bidders for work to be commenced on the new water works system for Newark on October 14. Excavations will begin that day at the pumping station. A direct pressure system is to be installed. The plans contemplate a system requiring from 24 to 25 miles of pipe, this is to be added to, with a filtration plant, if the additional bond issue is voted by the people.

The Board of Public Service Wednesday awarded the contract for the new municipal water works according to plans and specifications submitted by Engineer L. K. Davis, to the American Light and Water Company, of Kansas City, Mo., at the price of \$266,842.85.

The contemplated system is designed for fire protection, and is designed so that extensions can be made to furnish a complete system should an additional bond issue of \$200,000 be authorized at a proposed special election.

After several days' work, that was arduous in the extreme, the Board of Public Service completed the tabulation of the bids for the construction of the municipal water plant.

Since the bids were submitted last Saturday there have been contractors and material men in Newark to the number of 96, each importuning the Board to adopt certain parts of the work, manufactured by the company he represented.

Each one of the 47 items was carefully gone over and the Board Wednesday afternoon announced that the totals of the six bids were as follows:

The Glazier & Wendt Co., Newport, Ky., \$286,230.65.  
Ohio Contracting Co., of Cleveland, \$273,507.50.  
Sullivan, Murphy & Miles, Columbus, \$270,077.75.  
American Light and Water Co., of Kansas City, \$266,842.85.  
H. C. Brooks & Son, Jackson, Mich., \$239,725.46.  
Fogel & Francy, Pittsburg, \$294,513.60.  
Engineer Davis' estimate was \$268,132.35.

The number of miles of pipe contemplated in the specifications, and the terms of the contract will be printed later.

## SECRETARY TAFT

Is to Deliver Speech in Ohio During  
Present Campaign—Time and  
Place Not Fixed.

Taft to Speak in Ohio.  
Washington, Oct. 4.—Secretary Taft will deliver a speech in Ohio during the present campaign, at a time and place to be fixed by the Republican state committee. Senator Dick called to see the secretary to extend the invitation. He also desired the attendance of Secretary Taft at the unveiling of the equestrian statue of Sheridan in Perry county, Ohio. It is possible, however, that Secretary Taft may be obliged to forego both of these engagements if it seems that his presence is required on the isthmus of Panama in the near future, a point which he has not yet determined.

## WRONG MAN A CHADWICK JUROR

THIS IS CLAIM MADE IN COURT  
AT CINCINNATI BY WOMAN'S  
LAWYER.

Argument on Error Proceedings in the  
Court of Appeals—Gems to be  
Sold Under Hammer.

(Bulletin.)  
Cincinnati, Oct. 4.—Arguments for and against the appeal for a new trial for Mrs. Chadwick were resumed today. In court circles the opinion is general that the woman will get a new trial.

Cincinnati, O., Oct. 4.—During arguments before the court of appeals in the case of Mrs. Cassie L. Chadwick, on error to the United States court at Cleveland to set aside the sentence of 10 years in the state penitentiary and for a new trial, J. P. Dawley, attorney for Mrs. Chadwick, said that in impeaching the Chadwick jury the name of Butler Crane was drawn. When Butler Crane's name was called Bentley Crane responded and served as juror. "Do you mean to contend," asked Judge Richards, "that a man served on the jury who was not regularly drawn?" "Yes, sir," replied Dawley. "We claim that Bentley Crane served on the jury and that his name was never drawn from the wheel." Judge Richards asked: "If you knew that at the time, why did you not interrogate him as to his name?" Dawley replied: "I was representing the defendant. The government is required to arrange for juries in criminal cases."

Sparklers For Sale.  
Cleveland, O., Oct. 4.—Judge Taylor of the United States district court issued an order directing United States Marshal Chandler to sell at public auction the diamonds of Mrs. Cassie L. Chadwick which were seized by customs authorities because of nonpayment of duty. Altogether the collector of customs seized nearly \$75,000 worth of Mrs. Chadwick's jewels on the ground that no duty was paid on them, but persons to whom they were transferred subsequently liquidated the claim of the government on many of the gems. Those in the hands of the authorities are valued at approximately \$10,000. Many of the stones have never been set. Among the latter is a seven-carat diamond of extraordinary brilliancy.

## TAFT ACTIVE IN CABINET MEETING

CHINESE QUESTION CONSIDERED  
AT GATHERING OF THE PRES-  
IDENT'S ADVISERS.

The Boycott and Complaints Made by  
Chinese Against Exclusion Laws  
Are Talked About.

Washington, Oct. 4.—President Roosevelt had a conference with his cabinet on Chinese boycott and complaints made by Chinese against the method of executing the Chinese exclusion laws. The important fact developed that the president's effort last summer to allay the indignation of the Chinese by a letter of instructions to the United States minister to China and consular officers there failed of its purpose in a measure, and required some amendment to secure the object sought. Minister Rockhill reported that it was not possible to carry out the instructions without doing great injustice to worthy Chinese and imposing burdens too heavy to be borne upon the United States consuls. Secretary Taft took a prominent part in the discussion and presented some of the results of his observations on his recent trip. It was the first regular meeting of the cabinet for some months, and one of the longest during the administration of President Roosevelt. It was attended by all of the members of the cabinet except Secretary Shaw, who is absent, and Secretary McCall, who is ill.

## THREATS MADE AGAINST NEGRO ARRESTED BY LANCASTER OFFICER

Against Negro Arrested by  
Lancaster Officer

FELLOW SLASHED AN OLD MAN

ADAM FISHER WHOSE HOME IS NEAR  
PLEASANTVILLE, VICTIM

Refused to Surrender When Located  
in Cornfield at Thurston and  
Was Shot by Officer.

(Bulletin.)  
Lancaster, O., Oct. 4.—Excitement over the assault of Adam Fisher of Pleasant township, yesterday, by Rufus Ferris, now in jail here, has quieted down. Fisher's wounds are not serious. Ferris last night feared mob violence and begged to be taken to another county. He will be held here for trial. There is no danger of lynching.

Lancaster, O., Oct. 4.—Armed with revolvers and shotguns, 400 enraged men gathered around the residence of Magistrate Belt, at Thurston yesterday, threatening violence to Rufus Ferris, a negro, who had been placed in the house for safekeeping, pending the arrival of the sheriff from this city. And that the negro was not taken forcibly from the house and lynched was due only to the lack of a leader to the mob, and the timely appearance of Sheriff Kramer and Deputy Lou Perry.

Monday night, it is alleged, Ferris called at the home of Adam Fisher, a mile west of Pleasantville, but was ordered away. Later, however, as Miss Fisher started for the barn, the man accosted her and asked permission to spend the night in the stable. This was denied him and he left, but later in the night gained an entrance into the house.

Mr. Fisher, who is 73 years of age, awoke as the man entered his room and was attacked by the fellow, who slashed him across the throat with a knife. Mr. Fisher fell to the floor and the negro ran, but just as he jumped through the window James Fisher fired a shot at him.

Medical aid was summoned for Mr. Fisher and the community was aroused and a posse formed. The man was traced to Thurston, but there the trail was lost, but yesterday he was discovered by Nelson Bright in a cornfield near Thurston.

He ordered the fellow to surrender, but he refused, and instead started to run away. At this juncture, Mr. Bright fired at him with a shotgun, the charge taking effect in Ferris' head and arms. The man then surrendered and was taken to the residence of Magistrate Belt. Then Sheriff Kramer was summoned and by the time he arrived on the scene, in company with Deputy Lou Perry, a mob of 400 men had surrounded the house.

The prisoner presented a picture of distress when he arrived at the jail. He wore only a pair of trousers and an undershirt, and blood was flowing from the wounds in his head and shoulder.

Ferris says he was born in North Carolina and has a wife and three children in Springfield, from which place he was forced to flee, it is alleged, because of an attempted assault on a woman in her own house. He worked as a farmhand during the summer at the home of John Goans, near London.

The prisoner denies that he attacked Mr. Fisher, but admits that he was at the house. He says he was held up on a road by three men and robbed of all his clothing and himself was forced to steal the clothes which he had on, they being taken from the premises of Thomas Hite. Fisher is in a very serious condition.

## STINGING ANSWER OF MR. BOWEN

FORMER MINISTER GIVES OUT A  
SHARP REPLY TO LOOMIS' LETTER.

Salient Points in the Communication  
From Ex-Venezuelan Official  
Are Here Given.

New York, Oct. 4.—Herbert W. Bowen, former minister to Venezuela, issued a statement in which he said: "In answer to the letters exchanged recently by President Roosevelt and Mr. Loomis in regard to Mr. Hay, I have to say only this. After I had sent to Washington all of the documents which I found in the legation at Caracas relating to Mr. Loomis, I received a letter from Mr. Hay stating: 'I have been greatly surprised and

pained in reading the documents you sent me.' The following month he wrote to me a letter containing these friendly words: 'I have always taken your part, not only from personal liking, but from a conviction of your merits, your ability, your courage and your integrity.' After quoting remarks made by others incident to the controversy Bowen says: "In conclusion, in order to show President Roosevelt's attitude toward Mr. Loomis, I will simply quote my last remark to him in the presence of witnesses the day he dismissed me: Mr. President, you will remember that after I sent to you all the information I had about Mr. Loomis, you offered me a promotion that was intended to lead to an ambassadorship. 'Well,' he answered, 'I would have done a great deal to hush up the scandal.'"

## NONPARTISAN NEWSPAPERS

PUTTING UP CLEAN FIGHT FOR  
THE PEOPLE OF OHIO  
THIS FALL

That Has Never Been Equalled and  
Supporting Pattison With Force-  
ful Facts and Arguments.

Cleveland, O., Oct. 4.—The Scripps-McKee league of newspapers in Ohio, consisting of the Cleveland Press, the Cincinnati Post, the Toledo News-Bee, the Toledo Times, the Columbus Citizen and the Akron Press, is putting up a fight for the people in the Ohio political campaign this fall that has never been equalled and one that commands itself to every clean, liberty loving citizen of the state.

The Scripps-McKee League knows no politics, but is independent. In times past it has had occasion to condemn the official acts of certain Democrats and it did so fearlessly.

This fall, following its primary purpose of upholding the people's rights, it has arrayed itself against George B. Cox and his corrupt Governor Myron T. Herrick, and has devoted columns and pages of space to exposing the corrupt practices that have characterized the past few Republican state administrations. No favors have been granted and no fear has been shown.

Confident in the support of the people in its fight, the league has made and is still making a fight against corruption and wrong, and for honesty and right that will serve its reward in the gratitude of a loyal citizenship, and puts to shame the puny efforts of a partisan press that fears to speak its interference grate harshly on the ears of a nation.

Such a fight, not without result, does not come to a newspaper as an honor to be sought, but as a duty to be performed. The league of newspapers has that courage and no greater tribute to its worth could be bestowed. It is a fight for right and honesty, and for the right banner.

## JAMES H. HYDE

Asks Inquisitors to Deal  
Gently With Him

HUGHES SAYS HE'LL BE FAIR

ATTORNEY FOR MR. HYDE SAYS  
INVESTIGATION IS ILLEGAL

But He Will Waive Legal Objections  
Upon Certain Conditions—Nevada  
Cancels a Charter.

New York, Oct. 4.—Samuel Untermyer, counsel for James H. Hyde, gave out for publication a letter addressed by him to Charles E. Hughes of the insurance investigating committee, in which he says he advised Hyde that in his opinion the committee is without power or jurisdiction to make the investigation in which it is engaged. He said, however, that Hyde is willing to waive all legal objections to appear before the committee and testify to everything he knows, except as to matters embraced in pending litigation, and providing he may be accompanied by counsel for advice and re-examination.

Charles E. Hughes said that so far as Hyde's conditional offer to appear as a witness is concerned it would not be proper to comment upon it in advance of the decision of the committee, but that if Mr. Hyde appears before the committee without conditions he will be treated courteously, fairly and according to his rights.

Mr. Hughes said Untermyer's claim that the committee is without power to conduct this investigation is without merit, and said he will so advise the committee.

Custed From Nevada.

Carson, Nev., Oct. 4.—State Controller and Insurance Commissioner S. P. Davis revoked the license of the New York Life Insurance company in this state. The following telegram was forwarded to the New York home office by the controller: "Pending investigation of the corrupt management and fraudulent disposals of funds entrusted to your company, and as long as yourself and George W. Perkins retain offices of trust in the management of the New York Life Insurance company, the license of the company to do business in the state of Nevada is hereby revoked. Upon advice of a change of management and satisfactory proof of honest management the license will be reissued." A notice was forwarded throughout the state warning all agents of the order and giving agents two weeks to close the records.

Hyde's Demurrer.

Albany, N. Y., Oct. 4.—Attorney General Mayer received a copy of a demurrer filed by James H. Hyde, former vice president of the Equitable Life Assurance society, to the blanket suit brought by the state against the old directors of the company to compel restitution of moneys alleged to have been wrongfully converted by the board. The demurrer, together with that of Thomas T. Eckart, another defendant, will be considered by the supreme court at the November term. Hyde declares that scarcely any of the allegations contained in the complaint state facts sufficient to constitute a cause of action. Even if the demurrer is not sustained consideration of it and of possible appeals will delay the trial of the main action until next spring.

Wants Charter Canceled.

St. Paul, Minn., Oct. 4.—C. H. Venable, the New York financier who wrote an open letter to President McCall of the New York Life Insurance company, wrote a letter to State Insurance Commissioner O'Brien demanding that the New York Life Insurance company's Minnesota charter be canceled, unless President John A. McCall and Vice President George W. Perkins resign at once. O'Brien stated that individual demands for any action of a national character will be ignored until he has been satisfied that it is to the benefit of the company and the interests of its officers.

## INFATUATED GIRL TELLS MARRIED MAN WHERE CASH IS HIDDEN

New York, Oct. 4.—The police of New York City are looking for a woman who is infatuated with a married man, and who has told him where her cash is hidden. The woman is said to be a French girl, and the man is a married man. The police are looking for the woman, and the man is being watched.

## CUBAN COMES ON SECRET MISSION

GENERAL GOMEZ GOVERNOR OF  
SANTA CLARA PROVINCE IS  
IN NEW YORK.

Says He Will Visit Washington, But  
Does Not Expect to Visit Pres-  
ident Roosevelt.

New York, Oct. 4.—Among the passengers who arrived on the steamer Monterey was General Jose Miguel Gomez, governor general of Santa Clara province, Cuba, and until recently the Liberal candidate for president of Cuba. It is believed he is here on a secret political mission.

When informed of the report that he came on a mission to ask intervention in Cuban politics by the United States he replied with an emphatic no.

General Gomez said he did not know whether the Liberal party will place a candidate in the field in December to contest the election with President Palma, candidate of the Moderate party. The national convention of the party refused to accept his resignation, but as he had not been so informed, for he sailed before the convention met, he was not prepared to say what will be his future course.

One of the largest cigar manufacturers in this city and Cuba said it was the well-founded belief of all the passengers after the gossip on the trip, and even before the steamer sailed from Havana, that General Gomez is on a secret mission and that he will call on President Roosevelt before he returns to Cuba.

When asked if he intends to visit Washington or call on President Roosevelt, General Gomez said: "I do not know whether I will visit Washington, but I do not expect to visit President Roosevelt."

Cambridge, Mass., Oct. 4.—"It is a safe protective rule to live today as if you were going to marry a pure woman within a month. That rule you will find the safeguard for life. It is a good rule early to work to learn how to work hard."

"It is a good rule never to take four minutes to do what you can well accomplish in three minutes."

"It is a good rule to live intensely and it is a good rule to live today and every day like a man of honor."

Such was the advice given by President Elliott in the Harvard union last night.

## PAT CROWE

Will Be Returned to Omaha on Charge  
of Shooting Officer Jackson Two  
Weeks Ago.

Omaha, Neb., Oct. 4.—Steps were taken to bring Pat Crowe to Omaha immediately, and the chief of police of Butte, Mont., was asked to hold him until Nebraska officers can reach there. Chief Donahoe caused to be filed in the district court an information against Crowe charging him with shooting with intent to kill Officer Jackson two weeks ago. He will be returned on this charge. The original information filed against Crowe in the district court charging him with highway robbery in having forced Edward A. Cudaby to pay \$25,000 ransom for his son's return, will be used against the prisoner, although he is being returned to Nebraska on a charge of shooting Jackson. Requisition papers were signed by the governor and officers started for Montana at once.

## FIRST DEGREE

Murder Charge Now Stands  
Against Hildreth

POSTMORTEM IS MADE TODAY

SHELLENBARGER FUNERAL TO BE  
CONDUCTED BY MASONS

New Sheriff Sworn In—Graham Re-  
fused the Place—Bullet Taken  
from Dead Officer's Body.

Mt. Vernon, O., Oct. 4.—(Noon)—A warrant was sworn out here at noon today charging Frank Hildreth with first degree murder. This action was taken as a result of an autopsy held late this morning when the fatal bul-

let was recovered from Sheriff Shellenbarger's body. The ball was undoubtedly from a 44-calibre revolver, the size of the weapon used by Hildreth in the fight. There was a controversy at the time as to whether the ball was from Hildreth's revolver or from the weapon in the hands of Deputy Sheriff John Graham. It was also learned that he Sheriff could not possibly have recovered without the operation.

The pistol bullet was found imbedded in the muscles of the back in front of the spine at the ninth rib. It had passed through the right lung in its course. The wound in the lung was pronounced of a very serious nature. The autopsy was held under the supervision of Dr. F. C. Larimore in the presence of Coroner W. W. Scarborough, Dr. James F. Lee did the surgical work. Drs. W. R. Colville, C. K. Conard and B. F. Humbert were also present.

The funeral of the dead officer will be held under the auspices of the Mt. Vernon Masonic bodies of which he was a member. He was also affiliated with the Knights of Pythias, Macabees, Knights of the Golden Eagle and Odd Fellows.

Frank Hildreth, who will be held for the murder of Sheriff Shellenbarger, is covering in terror in the county jail here. He remarked with emphasis this morning that the officer's death was a result of the operation and not of the pistol wound. He is very nervous and rumors of the wild talk on the streets reach his ears, causing him to shrink in fear. The officers are taking every precaution to prevent an outbreak.

The newly appointed sheriff at noon today furnished bond in the sum of \$20,000 for the faithful performance of the duties of his office. The position was offered to Deputy Sheriff Graham but that officer refused to consider it. There remains fifteen months in the unexpired term of Sheriff Shellenbarger for the new officer to serve.

Mt. Vernon, O., Oct. 4.—Arrangements are just being completed for the funeral of the late Sheriff, James C. Shellenbarger, who died rather unexpectedly Tuesday afternoon after undergoing an operation for relief from the effects of a gunshot wound, as wired the Advocate. The services will be held Thursday afternoon at 2 o'clock from the Methodist Protestant church on Mulberry street, the pastor, Rev. J. Alfred Selby officiating. None of the pallbearers have been selected, but the funeral will be a large one.

City Treasurer Roland S. Clements, a popular official, was this morning appointed by the county commission to fill the vacancy caused by the death of Mr. Shellenbarger. Mr. Clements has not yet furnished the bond required by law to resign his position as city treasurer.

The shooting which terminated in the death of the sheriff occurred on the afternoon of May 31, about 4 o'clock. The sheriff had a warrant for the arrest of Frank Hildreth, and was on his way to the jail when he was shot.

# JOHN MITCHELL LEADS BY LOVE

Personality of the Man Who May Soon  
Head a Great Coal Strike.

President of United Mine Workers Regarded as a  
Hero by His People—Love the Only  
Spell He Casts Over Them.

Has No Recreations Except Work—Sleeps Little, Thinks Much.  
Honest, Brave, Calm and Sound as a Dollar.  
At Home Alike With Rich  
and Poor.

"HOW deep and still he is!" said President Roosevelt after a conference with John Mitchell during the momentous coal strike of 1902. Not a bad characterization, in a few words, of the man who is liable in a few months to lead a still greater and more momentous strike in the same region. Looking to this possible struggle, Mitchell has been campaigning through the anthracite fields to build up the United Mine Workers, of which he is president. He has been met with ovations at every point of his journey, the miners taking a holiday to greet him. So well has he succeeded that he now predicts there will be over 400,000 members in the order in the anthracite fields alone, and this will be practically the entire mining force of the region, as it takes two boys to count one full member. In addition to this there are over 300,000 soft coal miners under President Mitchell, making well on toward a half million men in all, the largest labor army under one head in the world.

Will Present New Demands.  
The agreement laid down by the strike commission appointed by President Roosevelt in 1902, under which the operators and men have been working since that time, expires on April 1,

JOHN MITCHELL, PRESIDENT OF THE UNITED MINE WORKERS.

1900. At that time the miners will present new demands. The convention to formulate these demands meets in December. It is already practically settled that the two chief things to be asked for by the men will be recognition of their union and the eight hour day. The operators are preparing to resist. It is even predicted that the soft coal mine owners will join those of the anthracite fields and thus will precipitate a strike extending over the entire territory covered by the United Mine Workers. If so it will be the most gigantic labor struggle in history. On one side the mine owners will mass with the coal carrying railroads, all under the leadership of "Divine Right" Baer. On the other will be a half million miners under the capable generalship of John Mitchell. That the operators are preparing for such a battle is shown by at least two things—first, they are quietly getting together and coming to an understanding throughout the country; second, they are storing up coal at every possible point. Nor are the men idle. In the soft or bituminous fields, extending over a large number of states in the central and far west, they are already perfectly organized, with a fund of millions in their treasury. In the anthracite region the organization is being brought up to a point of perfection such as it has never known before.

President Mitchell himself says he does not want a strike, and he refuses to predict that one will occur. His speeches have been conciliatory, especially the later ones. The coal operators refuse to talk. But the preparations for the contest go on.

One of the points of attack by the mine owners is on what is known as "the certificate law." This provides that before a man can secure a certificate to mine in the anthracite fields he must have had at least two years' experience as a helper in those fields. This shuts out soft coal miners from the white hard coal region and makes it impossible for the operators to fill their mines except by men controlled by the union. A test case to de-

friends and the respect of his foes. His honesty, simplicity and faith in human nature have been his strongest weapons. Men have wondered at his generalship, for of the so called strategy represented by crooked tactics he knows nothing. The shortsighted have not realized that this thing which seemed a weakness was Mitchell's chief strength.

## Speaker of Acknowledged Ability.

John Mitchell is only thirty-six years of age. He first became president of the United Mine Workers of America at twenty-eight. This achievement was reached without any of the helps usually believed to be necessary to young men to get on in the world. His father was a poor miner before him. John Mitchell's mother died when he was two years old, and his father went four years later. A stepmother raised the boy, who ran away from home at eight. What little schooling he had was received prior to that time. To day he is considered a well educated man, a writer of books, magazine and newspaper articles and a speaker of acknowledged ability. But what he has learned has been by night study and by reading the book of human life.

Early he went into the mines. Perhaps it was in his blood. He began as door tender. He decided to see the world. He went from state to state, picking up jobs in the mines to pay his way. At one time he drove mules in a mine in Colorado; then he went to Mexico. Eventually he drifted back to his home at Spring Valley, Ill., where he still lives.

At an early age he went into a labor organization, the old veteran body known as the Knights of Labor. After a time he became secretary of a local, then of a district organization. Later he was on a legislative committee to secure the passage of a law demanded by the workmen. He succeeded, and his success started him in his career. About this time he married, his wife having the good Hibernian name of Catharine O'Rourke. Mitchell is Irish himself, though his speech scarcely betrays the fact. More than ever he buckled down to study. When a man works ten or twelve hours in a mine he has not much heart in him to improve his mind, but John Mitchell had too much will power to be deterred by a little obstacle such as this.

## National Organizer.

As a result of his legislative venture he was made a member of the state executive board of the Knights of Labor and shortly afterward a national organizer. The succeeding year, in 1898, he was elected vice president of the United Mine Workers. In a short time the president, M. D. Ratchford, resigned to accept another place, and Mitchell succeeded to the presidency, where he has since remained. When he became president the mine workers only had about 40,000 members all told. By his organizing ability and by the national growth of the order it now has over ten times that number. The organization of the anthracite field has practically taken place entirely under his supervision.

In appearance Mr. Mitchell is of medium size, being about five feet eight inches in height and weighing perhaps 150 pounds. He always dresses in black, wearing uniformly a Prince Albert coat, straight narrow band of a standing collar and black tie. A soft black hat invariably covers his head. He smokes cheap cigars and has one in his mouth incessantly. He is clean shaven, with sharp features and a high but receding forehead. His hair is black and not worn as that of other men, but is cut off square across the back. The most remarkable feature of the man is his eye. This is large and luminous and, though gray in color, is so intense that it gives the impression at times of being black.

## Has No Recreations Except Work.

John Mitchell has remarkable self control and the power of concentration in an unusual degree. He never seems possessed of nerves. He is usually reserved, but can unbend on occasion. He is a good story teller. He has no recreations except work. He is democratic and is called John by all who know him at all well. He is at home alike with presidents, millionaires or miners—perhaps most with the miners. He sleeps little and thinks much. Late at night, after others have left him, he plans his campaign for the next day. Last summer a bank failure at Spring Valley took his deposit of \$2,000, said to be all he had in the world.

## Worked Night and Day For Others.

Through all the mining districts hang large lithographs of the president of the mine workers. With many he comes well nigh being their saint. His priest-like garb and face may add to this impression. Men have marveled at the manner in which he unifies and controls the immense bodies of foreigners who make up the mining populations. They need marvel no more. There is only one spell John Mitchell casts over his people, and it is a very old and simple one. It is love. Other would be leaders can learn a great lesson from this quiet and unpretentious labor president. He has inspired confidence in those who follow him. He has inspired that confidence because he has been unselfish. He has lived in the simple style that he did when a miner himself. He has refused increase of salary. He has worked night and day for others. He has never indulged in harsh or uncharitable criticism of even his foes, however unjust they have been in their treatment of him. He has never put on airs. He has not been self conscious. He never goes to his ends by round about ways. He is cautious in his statements, never gives any handle to his enemies by what he says. Above all he has confidence in the miners and enjoys their confidence in return. He believes in them; hence they believe in him. He has not sought to inflame them by demagogic appeals, he has kept clear from politics, he has expressed faith in human nature, has held to his original belief that labor and capital are not enemies, but friends, and has expressed again and again his convictions that a fair understanding could be reached if employers and employees could only be brought together to look into each other's eyes. Thornville, O., (Beech Woods), Oct. 4.—A number of people attended the Wiseman sale near Redington Thursday, and as splendid mutton dinner was served at noon.

Pearl Foster came home Thursday night and discovered a burglar in the house and upon learning the presence of Foster, the burglar made a parachute leap through the window over a steep embankment and sailed down the hollow with the window sash hanging gracefully atwart his "off shoulder," which was found the next morning a short distance from the house. The rapid reports of Foster's Smith & Wesson aroused the neighborhood from its midnight sleep, possibly thinking that Togo's fleet had paid a visit to the peaceful valley brooklet in Gunbarrel Hollow.

# COL. C. H. KIBLER ELECTED FOR LIFE

VERY UNUSUAL BUT A DESERVED  
COMPLIMENT TO A NEWARK  
MAN.

Seventy-Five Veterans of the Gallant  
76th Regiment Here—Next Meet-  
ing at Uhrichsville.

The annual reunion of the 76th regiment O. V. I. which did valiant service during the civil war, opened on Wednesday morning at the Memorial Hall, about 75 surviving members of the regiment being present.

The meeting was called to order by Col. C. H. Kibler, of Newark, president

COL. C. H. KIBLER.

of the society, with Secretary Finley Stafford taking notes, shortly after 10 o'clock.

The first business transacted was the election of officers. Upon motion of George Rickerts of Columbus, Col. Charles H. Kibler, of Newark, was elected president for the rest of his natural life. This motion was carried unanimously and is an unusual, but deserved compliment.

George W. Earl, of Massillon, was elected vice president, Captain John Hiser of Newark, treasurer, Capt. J. M. Scott, of Alexandria, chaplain, and Finley Stafford secretary.

Granville was nominated for the next place of holding the reunion, by Captain J. W. Scott, while ex-Mayor Finley Jackson of Uhrichsville, named that place. On a vote Uhrichsville was decided upon for the next reunion in 1906. The time will be set by the officers who were elected Wednesday.

The names of those who died during the current year were read as follows: James W. Wiley of Newark; Calvin Hart of Jacksonville; J. W. Tilton, ex-mayor of Marysville; George McQueen of Newark; J. Spooler, Lieutenant R. D. Kelley and J. H. Warwick.

A committee of three, consisting of Finley Stafford, C. W. Hull, of Newark, and David Davies, of Conesville, was appointed to secure special railroad rates to Uhrichsville.

Vice-President Earl extended an invitation to those who would attend next year's reunion to visit him at his home in Massillon, which is connected by trolley with Uhrichsville.

The meeting adjourned at 11:30 and all were invited to partake of a fine dinner prepared by the Women's Auxiliary to the G. A. R., which was served in the banquet room.

The 76th regiment was composed principally of Licking county men and was mustered into the service February 6, 1862, at Camp Sherman, Newark, O., by Col. Chas. R. Woods, and was mustered out July 15, 1865, at Louisville, Ky.

At the open meeting this afternoon Colonel Kibler presided. After invocation, Mr. M. R. Scott recited Lincoln's Gettysburg address. This was followed by addresses by J. B. Jones of Newark and J. M. Scott of Alexandria. David Davis of Conesville gave a brief resume of his recent trip to Vicksburg, where his regiment had fought, and related some interesting stories of meeting men who had fought against him on the historic battlefield. William Harman of Dunkirk was the next speaker. The program was interspersed with patriotic songs and Miss Bertha Penney sang a solo in her usual charming manner.

Ann Arbor, Mich. Oct. 4.—Two members of the faculty of the University of Michigan, mistaken for freshmen, were forced to climb trees during a fight between the sophomores and freshmen Monday night, when the latter were holding a mass meeting in preparation for Friday's annual rush. Two young instructors of the engineering department, just beginning their first year at the university, were the victims of the mistake. "We are in the faculty," they cried, but the sophomores thought it was a new freshman bluff.

# MUST TESTIFY AS TO COMBINE

An Important Decision Against the  
Paper Companies.

NOT HELD UNDER CONTEMPT

Corporations and Individuals Alike  
Immune From Criminal Prosecution  
For Disclosures Made In Giving Testimony—Order Requires Books to Be Brought Into Court.

St. Paul, Oct. 4.—An important decision against officials of the alleged paper combine was handed down by Judge Van Deventer in federal court.

He decided that officers of the Hennepin Paper company, the Itasca Paper company and the Northwest Paper company should appear before the United States examiner and answer such questions as might be asked of them in the case of United States States against the General Paper company and 23 other defendants. The court also decided that the books and papers mentioned in the subpoena should be produced and submitted to the government for examination.

The court in rendering the oral opinion held that a corporation under the constitution stood in the same relation to the statute of immunity as an individual. He held that a corporation could testify against itself so far as a corporation could speak through its officers, its books and records, and that in the case at issue it should give the testimony desired, but that under the statute of immunity it could not be prosecuted criminally for any revelations that might be made on the witness stand.

As to the matter of the odium of the charge, which was one of the points raised, the court held that it could not be helped. The matters desired were pertinent to the issue and the government should have its request granted. The court did not decide that the defendants were in contempt. That, he intimated, might come if the witnesses refused to obey the order of the court.

The decision follows that of Judge Seaman in Milwaukee, rendered upon a similar application several weeks ago, and from which decision the defendants appealed to the United States supreme court. Whether an appeal will be allowed from Judge Van Deventer's decision is not yet certain. F. B. Kellogg, the attorney who represented the government in this case, maintains that an appeal will not lie because this decision is an interlocutory decree and not final, as was the case in the decision rendered by Judge Seaman. The court appointed Oct. 7 as the date for hearing arguments on this point.

# TO THE PEOPLE OF NEWARK

The report has been circulated that The Newark Water Company does not desire to sell its plant to the city.

This report is false.

On behalf of The Newark Water Company I have endeavored for the last two years to obtain a sale to the city through an appraisal.

The city officials claim if the appraisal is too high the city may nevertheless be compelled by the company to take the property.

The Water Company has and still does agree to waive any such right if such right does exist.

If the city will undertake the appraisal and no agreement be reached The Water Company will agree.

1st. That the hydrant rental contract will be extended at the option of the city as long as is necessary to complete a municipal plant.

2nd. The city will be secured against any liability either to take the property or to pay any costs, attorney fees or expenses on account of any litigation arising out of the appraisal or sale.

The Water company only asks a fair business-like investigation of its property. An appraisal will enable everybody to know what the plant is, how it can be used by the city, and what it is worth.

This has been the position of the Water company from the outset.

The Water company claims that a fair consideration of the matter will convince the people that by a purchase of its property they will save:

1st. \$200,000 in cost of construction.

2d. The tearing up of many miles of paved streets.

4th. From \$5,000 and up annually income from private consumers.

5th. \$25,000 in making connections with private consumers as well as the annoyance of digging up the streets for the purpose.

## ON TURNTABLE

Another East Newark Lad Was In-  
jured Seriously at Noon Wednes-  
day.—Third Accident in Year.

Another accident at the Pan Handle  
turn table, in the yards of that com-  
pany in East Newark, occurred at  
noon Wednesday and as a result, Har-  
ry Loomian, the nine year old son of  
Mr. and Mrs. John Toothman of Mc-  
Kinley avenue, is lying seriously in-  
jured at his home.

As is the habit of the East Newark  
school children, the injured lad with  
several companions, stopped for a few  
moments at noon to play with the  
turntable. The lad was caught in the  
revolution of the table and his legs  
painfully cut and bruised. A piece of  
the flesh of the left leg was torn com-  
pletely off.

This is the second accident within  
the past few months here. Another ac-  
cident occurred a year or so ago.  
The place is a menace to the safety of  
young children when not properly  
guarded. The police employed by the  
railroad company should see that the  
practice of children playing around  
the place be stopped at once.

Cleveland, Oct. 4.—The Ohio W. C.  
T. U. in convention here refuses to  
take Gov. Herrick seriously. The  
secretary in reading the minutes of  
the meeting of the executive commit-  
tee this morning was interrupted by a  
messenger who asked to deliver a re-  
quest from a newspaper for comment  
on the governor's administration. A  
vote was taken and it was the opinion  
that the committee was too busy to  
waste time on the governor.

New Orleans, Oct. 4.—With the open-  
ing of the public schools there will be

THE DRUMMER BOY OF SHILOH  
DIED WEDNESDAY IN THIS

Mrs. Elizabeth Klem, widow of the

ever since.

Some forty years ago she became a  
convert to the Catholic faith and has

St. Francis de Sales church, from  
which the funeral will probably take  
place Friday morning at 9 o'clock.

United States army, now stationed at

## Importance of Mr. Fitzgibbon's Re-election.

The importance of the criminal prosecutions in the several cases of the State vs. Lingafelters should not be lost sight of in the least degree by the people of Licking county at this time. Our news columns of Tuesday contained the decision of the Supreme Court that one of the indictments against Mrs. Mary J. Lingafelter was defective. But Prosecutor Fitzgibbon explains that there are several other indictments against Mrs. Lingafelter which will be presented for hearing during the present term of the Common Pleas Court. There are also other indictments against James F. Lingafelter and Robert C. Lingafelter in addition to the ones on which these defendants have been convicted in the Common Pleas Court. All these indictments are on charges of wrecking the Homestead Building and Savings Company.

The trials on which James F. Lingafelter and Robert C. Lingafelter were found guilty were held at Mt. Vernon and were noted for being among the most important and hotly contested cases ever held in the Knox county courthouse. The defendants had an array of legal talent, which, for numbers, reputation and experience, is rarely seen in any court, and Prosecutor Fitzgibbon, with but a single assistant, fought out his battle against odds so ably and successfully as to win praise from all sources.

The defendants who were convicted and sentenced to five years imprisonment in the penitentiary, have appealed their cases to the Circuit Court, where they will again be hotly contested by the same array of legal talent, and in all probability will be carried to the Supreme Court before the final conclusion is reached.

Under these circumstances the people of Licking county cannot fail to see the importance of Mr. Fitzgibbon's re-election this fall to the office of Prosecuting Attorney, for which he is a candidate.

He is one of the very best lawyers at the Licking county bar, and the duties of the office of Prosecutor have grown to such proportions and legal exactions as to require a man of his ability and experience to fill the position.

## Dick's Panegyric on Cox.

Chairman Dick's lame attempt to deny the bossism of George B. Cox is in fact a desperate effort to defend the Cincinnati ex-diver keeper and extol him to the skies. Everything that has been said about Cox is absolutely and vehemently denied by Dick, simply on his (Dick's) personal assertion, regardless of public records or substantiated facts. Dick actually indulges in a veritable panegyric on Cox, in which he assumes that his own statements from "personal knowledge" are law and gospel, and that the people of the State are so credulous and lacking in intelligence as to believe his high sounding phrases of Cox without question or hesitation.

But in all of Dick's defense of Cox, it is noticeable that no denial is attempted of the fact that the Boss got numerous laws passed by the legislature simply by dictation over the telephone and that the State paid the tolls.

Chairman Dick, thank you, is not an apologist for George B. Cox. On the contrary the chairman has become bold enough to assume the role of eulogist for the Boss.

Chairman Dick and the machine managers insisted upon making the tariff an issue in the Ohio campaign, and they now appear to have more issues than they care to meet.

If everything be all right at the Statehouse why is it that Governor Herrick and other state officials refuse to permit bills to be examined for telephone and other service?

Those organs of the Boss Cox machine which wanted to know where Pattison stood on certain matters are not so anxious now as they were to have him speak since he spoke in this city. They know where he stands and so do the voters of the state, among them the thousands of Republicans who had confidence in him which has been strengthened by his speech.

## McLEAN BUYS THE WASHINGTON POST.

Washington, D. C., Oct. 4.—John R. McLean, owner of the Cincinnati Enquirer, has bought a large and probably controlling interest in the Washington Post from the estate of Beriah Wilkins. Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. A remedy for nasal Catarrh which is drying or exciting to the diseased membrane should not be used. Cream Balm is recognized as a specific. Price 50 cents at druggists, or by mail. A cold in the head immediately disappears when Cream Balm is used. Ely Brothers, 36 Warren St., New York. mwf

## "CHILDREN'S DAY"

At the Big County Fair Expected to Be One of the Banner Days of Exposition.

Tomorrow will be "Children's Day" at the big County Fair, and word has been received by Secretary Farmer that the school youth of the county are coming in large numbers. From all sections of the county applications for tickets to the Fair have been received for school children. This is as it should be. Give the children a day off. It will also be a relaxation for thousands of parents from the daily routine of business, who will be glad of the opportunity to spend a day at the "Old Fort" with their children. Here the business man will have an opportunity to get acquainted with his family, and enjoy a day of unalloyed pleasure. It is predicted that there will be the largest assemblage of young people on the fair grounds on Thursday ever brought together in Licking county.

Alderman Hamburger of New York City, although he has been in office only a little over three years, has married over 6,000 people.

## GIVE GOVERNOR HERRICK A FAIR OPPORTUNITY

The recent belated so-called denial of Governor Herrick of his Cleveland interview extolling Boss George B. Cox has aroused the compassion and the memory of the newspaper correspondents at Columbus.

They recall how, during the sitting of the last legislature, they used to interview the governor on public questions up for consideration, write out their shorthand notes, submit them for approval, have them O. K'd, and then the next day have them denied.

This went on until finally the newspaper boys held a meeting and unanimously adopted the following resolution: "Resolved, that hereafter we will publish no interview with Governor Herrick until he prepares his denial, so that both may go to the public simultaneously."

An engrossed copy was left with the governor, and the denials ceased, for a time. The boys have concluded that the governor has lost his copy and will forward him another one.

## TOO GOOD A REPUBLICAN TO SWALLOW THE BOSS

"This is not a fight against the Republican party of Ohio. It is a fight against Herrick and for what Herrick represents. He represents bossism in its worst form. I can not stand for Coxism in the Republican party. It was not founded on Coxism and it can not thrive on it."

"I regret exceedingly that I am compelled at this late day in life to publicly proclaim that I can not support my party's nominee for the great office of governor. I still believe in and love the principles of my party, but bosses and not principles are leading the party today."

"Herrick and the men around him have brought this condition about."—Hon. E. G. Ely of West Unity, Williams county, formerly of Fulton, a Republican leader in the Seventieth and Seventy-first general assemblies.

## COX THE OLD MAN OF THE SEA ON GOV. HERRICK'S BACK

"Cox methods and conduct in the past are a disgrace not only to the Republican party, but to the great state of Ohio, showing, as they do, the indifference of the Christian voters in the past. But as sure as day follows night the people are awakening to the sense of duty and we can already see the bright rays of a new dawn when the people will rise in their might and say, by their ballots, Coxism and bossism shall no longer hold sway in Ohio."—These are the expressive words of Editor J. D. Evans in his stalwart newspaper, the Van Wert Republican.

## LIKES HERRICK AS A MAN BUT SAYS HE IS A LOBBYIST

"Again we say: We admire Mr. Herrick as a successful business man, but his record as lobbyist and promoter of the interests of the liquor traffic is one we sincerely wish had never been made a matter of public record, thereby demanding the universal condemnation of the Christian voters of Ohio."—Editorial in the Van Wert Republican, edited by Mr. D. J. Evans, one of the stalwart Republican editors and workers in northwestern Ohio.

## LIEUT. F. S. DAVIDSON.

## PE-RU-NA STRENGTHENS THE ENTIRE SYSTEM.

F. S. Davidson, Late Lieut. U. S. Army, Washington, D. C., care U. S. Pension Office, writes:

"To my mind, there is no remedy for catarrh comparable to *Peruna*. It not only strikes at the root of the malady, but it tones and strengthens the system in a truly wonderful way. That has been its history in my case. I cheerfully and unhesitatingly recommend it to those afflicted as I have been."—F. S. Davidson.

If you do not derive prompt and satisfactory results from the use of *Peruna*, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

## WILL OPERATE ON DR. WM. R. HARPER

Will be Only a Slight Operation to Relieve the Great Pain, It Is Now Said.

Chicago, Oct. 4.—A consultation of physicians which determine this week whether another operation shall be attempted on President William R. Harper.

It was announced by officials of the university that some of the surgeons are of the opinion that another slight operation is necessary to relieve the patient of much needless pain that he is now suffering. It is explained that the operation will be but a slight one and will not be in any sense dangerous.

Dr. Billings refuses to discuss the nature of the operation contemplated and the other consulting surgeons declared that Dr. Billings alone was authorized to speak.

It is denied, however, that an operation for the removal of the large intestine or a considerable part of it will be attempted. In the opinion of Dr. Senn and other surgeons who have been in consultation in the case such an operation would be out of the question at this time.

Just what will be attempted will be determined at the consultation to be held this week, at which it is understood Mrs. Senn, Senn, Bevan, Murphy and Hekton will consult with Dr. Billings.

## HELD UP BY HIGHWAYMEN

**Young Farmer for Gratiot Relieved of \$35 and a Wedding Ring Which He Had Just Purchased--Scene of Crime Near Mt. Calvary Cemetery, South of Newark Tuesday Night--Affair Ends Happily in a Wedding Wednesday.**

Mr. Clarence Snelling, a prominent young farmer, residing near Gratiot, and a son of Mr. Frank Snelling of the same place, was the victim of a bold hold-up on Tuesday evening. Mr. Snelling was on his way to the city, and just as he was passing the Mt. Calvary cemetery, about a mile south of the city, three men, one colored and two white, sprang from the side of the road and confronted him. The colored man caught the horse by the head, while the two white men ranged up, one on either side of the buggy, and thrusting big revolvers to his face, commanded him to give up his money or die. Mr. Snelling was considerably frightened, told them that he had no money, whereupon they dragged him from the buggy and went through his pockets. They relieved him of a silveroid watch, that had been presented to him and also a 14-carat gold ring that he had just purchased for an engagement ring. The ring was marked with the initials "C. S." and "M. H." They also secured \$35. After relieving him of his valuables the robbers told Mr. Snelling to go his way and they would go their way, after which they drove south in an old open buggy, drawn by a bay

horse. Mr. Snelling drove rapidly to the city and notified the police, who telephoned all the surrounding towns to be on the watch for the men, but at this writing nothing further has been heard from them. Mr. Snelling says that it was an experience that he will not soon forget.

Mr. Snelling has been keeping company with Mary Harter, an estimable young woman of Jacksonville for some time. The young people were engaged to marry, and the ceremony was set to take place on Wednesday afternoon. It was Mr. Snelling's intention to drive to the city on Tuesday night, remain here over night, and drive out to Jacksonville Wednesday morning and bring the young lady to the city, where they would be married in the afternoon. Wednesday morning, however, Mr. Snelling was stranded in the city without a cent and knew not which way to turn. He finally confided his troubles to his old school teacher, Mr. J. W. Hursey, who, knowing the young man to be worthy, lined his pockets with the long green. Mr. Snelling then drove out to Jacksonville for his to-be-bride, and before the sun sets this evening there will be a happy culmination to the hold holdup of Tuesday night.

The judge said today he would announce his decision some time next week.

## NEW PASTOR

Of Mt. Vernon Church Was Licensed and Ordained by the Zanesville Presbytery Years Ago.

The Rev. James S. Ravenaugh who has just been installed as pastor of the Mt. Vernon Presbyterian church, was licensed and ordained for the ministry by the Zanesville Presbytery. He was for eight years pastor of the First Presbyterian church of Liberty, Indiana, during which pastorate a fine brick church was erected.

After this he was pastor at Marysville for seven years, and during his pastorate here a beautiful stone church was built.

The reverend gentleman is a native of Muskingum county and was educated first in Muskingum college and then spent a year in post-graduate study in Wooster university. Mr. Ravenaugh stated that coming back into the Zanesville Presbytery is like coming home.

Only one remedy in the world that will stop itching of the skin in any part of the body. Doan's Ointment. At any drug store, 50 cents.

## FIRST DEGREE

(Continued from Page One.) Frank Coyle, and had driven to Bangs, about five miles south of Mt. Vernon, to get his prisoner. Hildreth was using with a small crime, that of charging insulting language towards his sister-in-law, Mrs. Charles Hildreth. He resisted arrest, however, and tried to pull a gun. Deputy Sheriff John Graham opened fire upon the prisoner and at the same time the Sheriff began to shoot after Hildreth had fired several shots. The sheriff fell after three shots had been fired by the desperado.

Hildreth escaped and evaded the officers for several days, finally coming to Brandon and giving himself up. He was brought to Mt. Vernon. The sheriff hovered between life and death for several weeks. He finally began to grow stronger and was able to ride in a carriage to the barber shop. The wound then began to trouble him and he was again taken to his bed and the operation was finally deemed necessary. His death followed.

Not for many months has this city been cast into gloom like that which now hangs over the city. The Sheriff was a popular officer and was a man who never flinched in the performance of his duty. His friends were numerous, and though the officer was a Republican he had a host of friends among the Knox county Democrats.

He filled the office of deputy sheriff under Cory Lynde who died in office after a long illness. Mr. Shellenbarger for nearly a year performed the duties of sheriff during his superior officer's illness and proved himself equal to the task. He was for several years an officer and later lieutenant of police here.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail.

Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

The Town Council Dismisses Action Against Newark and Granville Street Railway Co.

Granville, O., Oct. 4.—The town council met in regular session on Thursday night with members J. M. Jones, Burton Case, J. B. Jones, Frank Robinson, Edward Haulshizer, Dr. W. C. Davis, William Barrick, present, with president J. M. Jones in the chair.

Attorney Roderick Jones asked that the suit brought against the Newark & Granville Electric Railroad Company some two years ago to compel it to conform to the terms of the franchise, be dismissed, as the company had carried out all the requirements of the franchise. The request was granted.

Two bids for the construction of the new municipal building were read by the clerk, but as they were too high, were not considered and the matter will have to be readvertised.

The rooms were artistically decorated with leaves and berries, suggestive of the fall season, and the dining room, where dainty refreshments were served, was tastefully inviting. Here, pink roses were the table decorations and were prettily arranged. The affair was most enjoyable and all joined in wishing Mr. and Mrs. Owens the greatest possible happiness.

## BUTLER WELL

Produces No Gas and the Company is Disappointed—Drilling is Not Yet Stopped.

Members of the Butler Gas & Oil company visited the Mishey well Sunday but found that they were doomed to disappointment, as no trace of the much-desired Clinton sand was found by the drillers.

The drill had reached a depth of 2,660 feet Sunday evening, having passed through a heavy drift of Medina shale. As the tools are on the site the drillers will continue to drill for several days, although there is no longer any hope that gas will be found. The company desires to learn the conditions at that depth, as the information is of value.

### A Church Suit.

In the matter of the United Brethren church of Albany Circuit, Hazard Cramer one of the trustees of the church, and Lottie Cramer, a member of the church, deny that Sylvanus Piper, George Priest, Lurans Allspaugh, Jasper Cheek and Charles Forsythe are trustees of the church, and as such trustees hold the title in fee in trust for the church to the lands described in the petition. They also deny that all of the trustees are unanimously in favor of selling the lands and that the society desires to sell the property, and for want of knowledge they deny each and every other allegation made. They ask that the petition be dismissed, and that they go hence with their costs. J. V. Hilliard, attorney.

### Suit for Insurance.

B. Frank Barnes has commenced suit in the Common Pleas court against the National Masonic Provident Association for \$750 with interest from July 4, 1905.

The plaintiff says that on March 5, 1905, the National Masonic Provident Association entered into a contract with Ira W. Munch whereby Munch was insured against loss of life by accident in the sum of \$750, said sum being payable to Jacob Munch, father of Ira Munch, in case of death by accident of Ira W. Munch. That on May 3, 1905, Ira W. Munch received an accidental injury, being struck by a locomotive, dying from the effects of this injury the following day. Jacob Munch the beneficiary, assigned all his right and interest in the contract of insurance and the amount payable to him by the death of the insured to this plaintiff for a valuable consideration, and a copy of this assignment was given to the defendant as the contract of insurance directs. The association refuses to pay the insurance to the plaintiff or to any person, although demand has been made therefor by the plaintiff and by Jacob Munch before the assignment was made. Plaintiff asks judgment against the defendant in the sum of \$750 with interest from July 4, 1905. A. A. Stasel, attorney for the plaintiff.

### HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which, despite the most beneficent environment of soil of sunshine—and of atmosphere, seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

## BREWERY TALE ABOUT MR. MASON

CANDIDATE FOR TREASURER IS NOT A BREWER BUT A BANK CASHIER.

Mr. Mason Holds Small Block of Stock to Protect a Family Interest—Sole Income From Bank.

Columbus, O., Oct. 4.—Since the opening of the campaign the Republicans have met Governor Herrick's position on the Brannock law by characterizing Charles E. Mason, the Democratic candidate for State Treasurer, as a brewer. The Democratic State headquarters now gives out a self-explanatory letter, in which Mr. Mason defines his position on the question of enforcement of the laws.

He also gives out his reasons for having a small amount of brewery stock on hand. The letter is one received from Herman V. Chase, secretary of the Y. M. C. A. at Hamilton, by W. R. McHaffey of the Lima Times-Democrat, who requested Mr. Chase, a former resident of Lima, to get what information he could concerning Mason to meet the attacks of a local Republican paper. It would appear that the case of Mr. Mason is similar to that of Lieut. Gov. Harding, who simply holds the stock, but in no manner is actively engaged in the business. The letter is as follows:

"I have investigated very carefully the character of Mr. Charles E. Mason, the Democratic nominee for State Treasurer and find that he is a clean, upright, conscientious man. I had an interview with him and asked him many questions in regard to his position on the temperance question. His reply to me was as follows:

"The little brewery stock that I own is a minority interest only, was acquired from my brother, now deceased, and held to protect a family interest. So small is my holding that I have no part whatever in the management of the property, have not attended a meeting in two years and have not been on the property in that time, although my residence is about 10 minutes' walk from there. My sole income is derived from my salary as cashier of the Miami Valley National bank of Hamilton, with which I have been connected for the past 17 years.

"I have never indulged in the use of stimulants of any character whatever. I am of German descent, and it is an insult to my nationality to even hint that intelligent Germans do not thoroughly agree with the statement of our gubernatorial candidate upon the issue of law enforcement. I believe in law and order and its enforcement as do all Germans. If I were engaged in the brewery business I would advocate the observance of the statutory law as a matter of self-protection, if not from a sense of duty as a citizen.

"I believe in the Democratic platform. The keynote of which is home rule, and therefore believe that the citizens of any political subdivision of any state should have a right to say what sort of local law shall or shall not govern them."

MARTY HOGAN HAS RELEASED FIELDS

Former Newark Catcher Was Let Go To Make Room for Fohl of Homestead.

Manager Hogan last evening released Catcher Al Fields, who has been carried during the greater part of the year as O'Neil's substitute. The action was taken merely to cut down expenses, as with Fohl and O'Neil the locals were well cared for behind the bat.

Hogan secured Fields from the Newark team in the fore part of the season, so as to be protected in case O'Neil should happen to be injured. The wisdom of the move was proven many times during the season. On several occasions "Peaches" has been compelled to retire on account of injuries and Fields always jumped in and filled the bill acceptably. With O'Neil and Fohl in shape there was little or no chance for Fields to work and he was let out merely as a money maker. Fields played good ball in the games he participated and was popular with the fans as he was the gentleman on and off the ball field. His home is in New London, Conn.

The fans were pleased with the announcement that the Newark boys would once more be seen in action before the close of the season. Every one seems to want to help boost the big game Monday and if expectations are fulfilled there will be a big crowd at the game. It must be remembered that every cent made on the game will be divided among the players. Not a cent goes to the former management as this game is played by the members of the Newark club as an independent team. Every fan in Newark should turn out and help swell the crowd. The Buckeye band has donated its services for the big event and there will be a warm time at Idlewild park.

It is rumored that President Morion will be a candidate for the presidency of the Central league. Carson, the present incumbent of that office, will not, it is known, be a candidate again and there are several others after the job.

Wholesale of the Central league cleaned up \$7000 in base ball last year and the revenues this year de-

ducting all expenses will, it is estimated, be double that figure.

Hogan has gobbled up Fohl of Homestead and Schettler of Sharon for next season. In addition to that he has several other good men on the string. Mary is hoping to get a good start next spring.

FOOT BALL GOSSIP.

Denison will be a factor again this year in Ohio football. The team is over-anxious, but has a fighting spirit. Eller will be a good tackle for the Granville eleven and if Barney Shipp returns in addition this pair of tackles can well strike terror to any opposing duo.—Columbus Dispatch.

Kenyon this year has an evenly balanced team. There is more uniformity in weight and they are heavier than usual. One of the willing workers is Cunningham, sub full-back, and a brother of the great Cunningham of the early Eckstom days.—Columbus Dispatch.

Arrested on Charge of Stealing \$359,000 in Securities is Arraigned on a Larceny Charge.

New York, Oct. 4.—Harry A. Leonard, who was arrested on a charge of stealing \$359,000 in securities from the National City bank, was arraigned on charges of larceny and forgery, having used forged orders to get possession of the securities. Leonard's bail was fixed at \$25,000 after an attempt was made to place the amount at \$50,000. It was stated that the charge of larceny probably will not be pushed against Leonard, but that he will be prosecuted for forgery. Abraham Levy, who defended Nan Patterson, will defend Leonard.

HOW TO ENJOY THE BALL GAME.

Sensible Pointers for Those Who Sit on the Bleachers.

No smoker should go to the ball game without a pocketful of Wadsworth Bros. "Chicos." With one of these stuck in his face, he can rest to his heart's desire, and when down on his luck, get consolation from his fragrant "Chicos."

If he should happen to lose a few ten-cent cigars, pay the bet with Wadsworth Bros. "Chicos," for no ten-cent smoker would ever call them Se-cigars. They are made of long Havana filler, smoke clear and free, and at all times leave a good taste in the mouth.

Collins & Son have the local agency for the "Chicos," and have laid in a good supply for the baseball season. Try one, and you will want some more.

### A CORNER IN CURTAINS.

A Plain Tale From the Home-Funny When It Was Past.

She had been married about a year when she had her first housekeeping to do and the furnishing of the house. With the carpets and certain other things all went well, but when it came to curtains she had her ideas, and nothing that could be had ready to use was at all what she would have. Her house should be like no other house in J. It should be an example in beauty and in simplicity. She would show people how lovely they could make their homes with little expense.

A morning was spent in buying an embroidered muslin, which had a decidedly up and down figure, but a small one, so as not to have to match it in making up.

There were big windows and small windows and queer shaped windows in odd places. Curtains for these were all made with a shirt to run a rod through, and all had a ruffle on the edge and on the bottom. The pile grew, and at last they were done, and husband took a half holiday to put them up.

They looked so sweet and cool and so fresh, crisp and neat, but—every one was made for the right side of the window! Speechless with surprise and disappointment, she sat down and wept, while husband laughed on the top of the stepladder until he, too, had to wipe his eyes. There was no help for it—they had to be ripped and done over, while she sighed to think she had been so persistent in buying a figure which could not be reversed. Otherwise she would have had only the ruffles to change. Still, they became right in time and certainly looked sweet enough to reward her for her trouble.

Since then she will hardly venture to cut off a bit of tape without being sure that it is not upside down or there is not some mistake in measurement. Her "corner in curtains," as her husband calls it, was a lesson well learned.—Good Housekeeping.

Wicks—No; I try to argue with her sometimes, but all she ever does is to make a lot of unfounded assertions in reply.—Somerville Journal.

NEW AERIAL FERRY AT DULUTH.

At Duluth, Minn., there is now in operation the aerial ferry, a very good idea of which is given by the accompanying illustration. The suspended ferry car has a speed of four miles an hour and is operated by two electric motors, each having a capacity of fifty horsepower. It is estimated that the total cost of running the ferry will be less than \$7,500 a year, a figure at which it would be impossible to conduct the simplest sort of steamboat service.

### ACCUSED EX-WIFE.

Kansas City, Mo., Oct. 4.—With his tongue almost cut out, James Green, a junk dealer, lay on a cot in police station and wrote out a statement accusing Mrs. Martha Pannon, his ex-wife, of having deliberately attempted to slash off his tongue in a quarrel following a demand that he retract alleged scandalous statements.

Ft. Scott, Kan., Oct. 4.—Mrs. Belle Riggan and her daughter, Clara Shaw, are in jail charged with murder in the first degree. For the last several weeks it is said, they have been starving, whipping and otherwise abusing two of Mrs. Riggan's stepchildren, a boy and a girl, aged 7 and 3 years respectively, resulting in the death of the boy yesterday. The girl is in a precarious condition.

A marriage license was issued in the probate court of Franklin county Tuesday to Mr. Kenneth R. Haughey of Newark, and Miss Rachel K. Vreeland of Columbus. The girl's name does not appear in the city directory.

### HAUGHEY-VREELAND.

One of the prettiest weddings of the season was solemnized at Trinity Episcopal church at 10 o'clock Wednesday morning by the Rev. Lewis P. Franklin, when he joined in marriage the lives of Miss Mary Elizabeth Thomas, daughter of Major and Mrs. David Thomas, and the Rev. Charles Magee, son of Mr. and Mrs. Joseph Magee.

### PRETTY WEDDING AT TRINITY CHURCH

MISS THOMAS BECOMES THE BRIDE OF THE REV. CHAS. MAGEE.

Following the Ceremony a Wedding Breakfast Was Served at Major Thomas' Home.

Before the appointed hour for the ceremony, the guests of the contracting parties assembled in the church, being ushered to their appointed seats by Messrs. Heisey, Crosby, Long and Pancroft, the organist playing softly various musical numbers appropriate to the occasion.

At 10 o'clock the organist played Lohengrin's wedding march, and as the crucifer, bearing the cross, the altar boy and Rev. Mr. Franklin left the sanctuary, and approached the chancel steps, the ushers, Mr. Maxwell Long, Mr. Reginald Crosby, Mr. George Heisey and Mr. Chalmers Pancroft, approached the chancel, and stood two on each side.

Then the dainty little ring bearer, little Miss Mary Elizabeth Fuller, niece of the bride, walked down the aisle, bearing the ring in a beautifully engraved silver plate.

Rev. Magee and his best man, Mr. Carl Veiant, approached the chancel from the right. Miss Hazel Thomas, sister of the bride and the only bridesmaid came next, charming in a gown of blue silk mull and flowered net, and carrying a bouquet of pink carnations. Following the bridesmaid came the bride on the arm of her father.

The bride was lovely in a gown of soft Persian lawn and embroidery and a large hat of chiffon and lace. She also carried a large bouquet of white carnations.

The betrothal ceremony was read at the chancel steps, and then the bride and groom, followed by the ring bearer, the bridesmaid and best man, ascended the steps to the altar, where Rev. Franklin, assisted by the crucifer and altar boy, performed the beautiful ring service of the Episcopal church.

After the ceremony the bridal party entered the sanctuary and after a few minutes came down the aisle and entered the carriages waiting at the church door and returned to the bride's home.

During the entire service, the organist, Mr. Ould, made the service more impressive and holy by the beautiful music played by his master hand. Just before the ring ceremony, Mr. Will Reynolds sang the beautiful hymn, "O Perfect Love," from the hymns of "Holy Matrimony" in the hymnal of the Episcopal church.

After the ceremony in the church, a wedding breakfast was served at the home of the bride to about fifty invited guests. The guests were received in the front parlor by Rev. and Mrs. Magee, Mr. and Mrs. Thomas, Mr. and Mrs. Joseph Magee, Mrs. Elizabeth Franklin, Miss Thomas and Mr. Veiant.

Breakfast was served at eleven o'clock, the guests being seated at small tables, the places being designated by dainty place cards, the work of the bride.

The bride's table was decorated with white flowers entwined with green, surrounding a beautiful chandelier in the center of the table. The small tables were decorated in the same manner, the color scheme being green and white.

Seated at the bride's table were: Rev. and Mrs. Magee, Miss Mary Baldwin, Miss Hazel Thomas, Miss Mary Haight, Miss Cassie Hillier, Mr. Reginald Crosby, Mr. George Heisey, Mr. Chalmers Pancroft, Mr. Maxwell Long.

A dainty three course breakfast was served. The bride cut the wedding cake, and the ring was found by Miss Amy Franklin, the money by Miss Mary Haight, and the button by Miss Mary Baldwin.

Immediately after the breakfast Rev. and Mrs. Magee left on the noon train for a trip to Wellsburg, West Virginia, and on their return will go to Kenton, Ohio, where Mr. Magee has charge of parish in that city.

The out of town guests were: Mrs. Emily Griggs of Cleveland, O.; Mr. and Mrs. E. M. Montgomery of Silver Creek, N. Y.; Mr. Maxwell B. Long of Hamilton, Mr. B. F. Jones of Gambier, Mr. J. K. Coolidge of Avondale, Cincinnati, O.; Mr. Raymond W. Crosby, Gambier; Mr. H. C. Forster, Gambier; Mr. A. J. Larson, Avondale, Cincinnati, Ohio; Mr. W. L. ## GEORGE F. MOONEY TO BE MANAGER

BREWERY TO BE INCORPORATED  
AT COLUMBUS WITH CAPITAL  
OF \$200,000.

Names of Men in the Deal Are Kept  
Secret—Mr. Mooney Quits the  
Pabst Company Oct. 15.

Within the next few weeks a brewery will be incorporated under Ohio laws for \$200,000. For the purpose of facilitating the preliminary arrangements it has been styled the Washington Brewery company. This name, however, is subject to rejection or adoption at the first meeting of stockholders.

The plans have progressed sufficiently to warrant the selection of a manager and secretary, and while it is not authoritatively announced, it is understood that George F. Mooney, representative in Central Ohio for the Pabst Brewing company, has been named for the place. That he has resigned and will sever his connection with the Milwaukee company on October 15 is admitted. Mr. Mooney, though a resident of Columbus, is well known in Newark and Licking county. He has a fine summer home at Buckeye Lake, where for the past several years he has lived during the heated term.

The names of the Columbus men promoting the company are interested

in saloon properties, and they say that should their names be announced prematurely it would endanger their leases, owing to the rivalry existing between the big breweries for choice locations. These breweries, they assert, are in a position to cut off their supply of goods, and this they cannot afford to have happen until they have arranged for an emergency.

They have placed a limit of \$5000 on the stock subscriptions, but notwithstanding this, they have already \$100,000 of the proposed capital stock of \$200,000, and plenty of promises for the remainder, which will be reserved for the keepers of saloons and their customers.

No definite site for the proposed plant has been considered, although a number have been suggested. It is probable, however, that the plant will locate on the North Side, at Columbus. It will have a capacity of 50,000 barrels annually, and if no serious obstacles are encountered, the new brewery will have its product on sale in one year.

### THINGS HUMMING

At the National Capital—President Back in His Office—Missions of His Callers.

Washington, Oct. 4.—Things are humming at the National capital and the boarding houses are preparing for the winter harvest. The President was in his office Monday and declared he never felt better. Many in official position called, and an attempt is made by the wise reporters to state the mission of each. Ambassador Jusserand, for instance, came to dis-

cuss the rebuff by President Castro, of the French charge in Caracas, though what Mr. Roosevelt has to do with that more than with the partition of Bengal passes understanding. Senator Fulton, the only survivor of the Oregon congressional delegation from the onslaught of the grand jury, also called, supposedly about land frauds. Secretary Root began his conduct of the state department and Mr. Cortelyou resumed at the postoffice. No resemblance of the McCall donation of life insurance funds seemed to roll across his serene brow. Thus merrily the season opens and the son of a Confederate general is to be a social aide at the White House.

### ATTENTION.

When you attend the Licking County Fair this week you should not fail to see the new invention of G. M. Koontz of Vanatta, in Concrete fence posts.

Mr. Koontz has on exhibition a fence construction that is surely worthy the observation and consideration of the people everywhere. dlt\*

**"CRACKER JACK" WELL  
WHITE HEAVY FLOW  
AT UNION STATION**

\*\*\*\*\*  
The Columbus Natural Gas Company drilled in a "cracker-jack" well on the James Ford farm, near Union Station. It was a splendid well when first drilled in, but after it was shot on Friday it proved to be good for five million feet per day. It is considered the best well in the new territory.

## WHO IS MAN WHO DROWNED IN WEST?

JENKINS IS THOUGHT TO HAVE  
BEEN A RESIDENT OF  
NASHPORT.

Envelope Addressed to Dr. J. P. Fisher  
But Doctor Fails to Remember  
Man by That Name.

William Jenkins, aged 20, and thought to be either a resident of Nashport or Zanesville, was drowned while bathing at San Diego, Cal., last Friday. His body is being held in the Pacific coast city awaiting identification or word from relatives.

Although the victim gave his name as William Jenkins, by people in San Diego it is said that the individual at one time denied that this was his correct name. The victim had dark brown hair and was five feet nine inches in height.

In the personal effects of Jenkins, examined after his death, several addressed envelopes were found, as though he was just about to write letters to friends and relatives. One of these envelopes was addressed to Dr. P. Q. Fisher of Nashport.

Upon recovery of the body and Dr. Fisher's name being found in this manner, a telegram was sent to Dr. Fisher at Nashport. Not knowing anyone of the name of William Jenkins, Dr. Fisher lost the matter from his memory.

Yesterday a letter was received from Bradley & Woolman, embalmers, at San Diego. In this letter the details of the death were briefly given. The body had been embalmed and is being held until word is received from relatives. Nobody in Zanesville or Nashport seems to know Jenkins. The middle finger of the left hand is cut off and a large mole also appears on the victim's breast. It is thought relatives of the deceased may yet be discovered somewhere in this part of the state.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

### LADIES' DAY

At the Big Fair Was a Hummer, and  
Eminently Satisfactory to the  
Management.

Beautiful weather, splendid exhibits, race horses galore, people by the thousands, air full of band music, street cars packed to guards, hacks and automobiles hurrying to and from the grounds, all go to make up the biggest Fair in Central Ohio, and the results are proving highly satisfactory.

Wednesday was Ladies Day, and as all the ladies were admitted free, the result was that thousands of beautiful women graced the fair with their presence.

So the fair is all there. The people are all there. All that has been said concerning the fair this year does not half tell the tale. The attractions must be seen to be appreciated. The verdict of all who visited the grounds on Wednesday was the most favorable, and it is assured that the attendance on Thursday (Children's Day), will exceed all former records providing the weather man is good. If you don't enjoy the fair and take proper pride in our foremost local enterprise, it is because you are lacking in local pride. Lay aside your business cares and visit the big fair tomorrow.

### FRENCH CHEF

Arrested on Charge of Being an Escaped Prisoner From Devil's Island, and, Once Dreyfus' Prison.

New York, Oct. 4.—Eugene Richards, a French chef, was arrested on the charge of being an escaped prisoner from Devil's Island, once the prison of Dreyfus. The chef was accused by two men who claimed to be his friends, and whom he had arrested charged with robbing him recently. Recorder Goff told Richards to stand up and bare his arm. There was a tattoo mark on it which the recorder evidently expected to see. Richards was then asked about the brand on his shoulder which it was said life convicts on Devil's Island bear. He denied bearing any such mark and also all of the district attorney's statement. Recorder Goff, however, directed that a mistrial of the case against Richards' friends be entered. Richards was locked up and French consul notified.

A Japanese widow wishing to marry again signifies her desire by twisting her hair around a long shell hairpin, placed across the back of her head. The woman who desires to remain faithful to the memory of her lost spouse cuts her hair short and combs it back quite plainly.
